---

### ELECTRIC

---

With 2-wire cable, cable entry PG9, bulb included

Bulb: BAY 15 d; 10/25 W

[For more information about bulbs click here](#)

---

### HOUSING

---

Polycarbonate, black or white, impact and shock resistant, non-corrosive (stainless steel), non-magnetic, seawater-resistant

# Series 40

## PLACEMENT/MOUNTING

From conventional lights to LED with aqua signal **aquasite** system  
Change Navigation Lights Series 40 to LED Series 34

Unlock Series 40 by turning lower ring to the right.

Pull Series 40 off the quick-fit bracket.

Old Series 40.

Take new LED Series 34 and place it to the bracket.

Pay attention to correct connection and right direction.

Insert LED Series 34 to quick-fit bracket.

Finally turn the lower ring to the left and lock Series 34.

Tip: When Series 40 conventional remain on your boat if a light breaks during a manoeuvre.
